

**Application for Membership:
MCS LONG RANGE PLAN
Goal Group**

Last spring, the Norwich School Board approved a three to five year long range plan for Marion Cross School. Members of the Board have now charged the Long Range Planning Committee to begin implementation of this new plan during the coming year. To do this, we seek volunteers from parents and members of the greater Norwich community to serve on "goal group committees." Marion Cross School faculty and staff will also serve, and we shall meet approximately once a month. (Please be advised that we will be seeking representatives to serve on the Superintendent's Search Committee, which is separate from this undertaking.)

We would like to hear from YOU if you would like to be a part of this process. Below is an application for parents and community members to join one of eight "goal group committees." Please complete this form to let the Norwich School Board know that you are interested in taking part in this exciting process. Drop off the completed form at the Main Office at Marion Cross School or mail it to:
