Hanover High School Study Circles

Hanover High School is organizing a program of Study Circles to look at academic integrity in our community. Designed to gain input and improve communication between all factions, study circles are heterogeneous groups of ten to twelve students, staff, and community members that are charged with discussing issues of import in a community. In four sessions the groups will start with personal stories, then look at the issue of academic integrity from many points of view, explore possible solutions, and finally, make recommendations for action and change. We are seeking volunteers from the Hanover and Norwich communities with or without direct connections to the school to participate in this interactive process.

If you are interested in becoming involved, please call or email **Chris Seibel** at:

643-3431 ext. 2112
chris.seibel@dresden.us

We hope you will participate.

The Children of the Dominican Republic Need Your Help!!

Mrs. Ames's sixth grade class will be collecting items for children in the Dominican Republic. They will collect plastic bags for weavers to make needed items. The bags should not be heavy or thick, but should be the crinkled, recycled type (think Shaw's, Co-op, Price Chopper, etc.). In addition, the class will be collecting shoes for toddlers and kids through ninth grade. Rain boots are fine, but no heavy barn boots, please.

**October 29th - November 14th
Collection boxes will be in all homerooms!**

Colder Weather Reminder

We will be outside in the morning until 8:15, so please make sure that children are dressed appropriately. It's Vermont! It's almost November! It's getting cold!

(They're kids! They lose their clothes! Please put names in clothing!)

Congratulations to:
